Re: Youth Employment Incentive Program

09/24/2013

Dear Community Partner,

Glendale Youth Alliance would like to invite you to employ our youth participants at your organization. Invest in our exceptional youth workers and we will pay their salary for the first 200 hours of employment. We will also provide vocational skills training as well as workers compensation – free of charge!

We are preparing for our 2013 GYA Workforce Investment Act Program and would like to encourage you to take part in this life changing process of our participants. The applicants in the program are 18-21 year old young adults who are willing and eager to climb the career ladder in a successful organization such as yours. Our overarching goal for each youth is to secure a permanent position within your organization after the completion of the initial 200 hours of the employment training program – paid in full by GYA. However, there is no obligation to hire in case our participant did not meet your expectations.

GYA is a nonprofit organization in partnership with government, education, businesses and our community. Our programs are designed to build civic values in Glendale's youth and to provide a foundation for youth to learn job skills, and to become productive participants of the workforce. We have provided first time employment and training to over 4,000 Glendale area youth. The mission of GYA is to provide, coordinate, and support youth employment programs that have a positive impact on the future workforce of our region.

Your partnership and dedication to our youth allows them to become better members and leaders of our community. We look forward to hearing from you, and hope that we will have the opportunity to work together. If you have any questions or interested in hiring a youth worker, please contact Narine Petrosyan at npetrosyan@ci.glendale.ca.us or call at 818-937-8057.

Cordially,

Narine Petrosyan
Program Specialist
